CONCLUSION

The Notice of Non-Compliant Amendment stated that claim 12 included an erroneous period between the word "claim" and "11." Curiously, Applicant's copy of the Amendment and Response as filed *does not include the misplaced period*. It is believed that this is not a period, but rather a mark appearing on the scanned copy of the claims as reproduced by the Office. Nonetheless, Applicant provides the Office with a clean set of claims. In view of the foregoing, Applicant submits the claims are now in compliance. No new matter is being submitted. Should the Examiner wish to discuss any of the above in greater detail or deem that further amendments should be made to improve the application, then the Examiner is invited to contact the undersigned at the Examiner's convenience. Applicant respectfully requests that a timely Notice of Allowance be issued in this case.
